Football roll
pretzel dough, ready-baked, frozen

For everybody who wants to achieve sporty (sales) success, our football rolls are absolutely number one. Since they are ready-baked, the motto is: just thaw and enjoy! In this way, it is very easy to reduce production peaks.

What's more, they have an irresistibly juicy centre, a crispy outside and are just the right thing for different toppings. A great success with an attractive design in every display case!

Consistent brand quality:

- We use only high-quality ingredients from selected suppliers.
- The products are manufactured according to our unique Ditsch recipes.
